#### Notes for Undergraduate Programs

1. Enrolled (fall), Graduated (AY) = Primary Plan (Primary Plan + Additional Plan)
2. "\*" = Enrollment data not available for programs until after Begin Term Census is approved.
3. Beginning fall 2015, first-year engineering and computer science enroll as "pre-" engineering (chemical, computer, and mechanical) and pre-computer science programs. Students enter respective engineering and computer science programs upon completion of gateway requirements. Enrollments presented on this chart include "pre-" engineering and computer science plans.
4. Enrollment charts shared on this chart do not include undeclared engineering students because engineering-undeclared is not a degree-granting program.
